

SHELBY - In Memoriam
October 10, 2012 - December 6, 2016

If you heard the sound of SHELBY'S paws on the floor getting closer, you knew that the epitome of joy on four legs was about to enter the room. SHELBY brought both happiness and healing to everyone that she encountered. There was no discrimination or preferences - in her eyes - she loved everyone.

SHELBY taught others how to be patient when life became overwhelming. Her free spirit, quirkiness, and sassy attitude could always keep a smile on your face. She showed people how to lighten up and have fun even during the most serious of circumstances. Her willingness to please will always be remembered.

SHELBY was a very playful dog and made sure everyone was aware of all her favorite toys. SHELBY was special. The first time her trainer Kristen witnessed SHELBY and Rich interacting was a moment she will never forget. SHELBY was so perceptive of everyone around her and she immediately matched the energy of Rich. She was so loving and gentle that it was obvious how much of a perfect fit they were. SHELBY and Rich were like a perfect puzzle that was apparent to anyone who saw them together. Kristen feels incredibly blessed that she was one of the many parts that helped bring this puzzle together and watch SHELBY be the light of Rich's life.
